PUBLIC SCHOOLS

# Talent **RECRUITMENT** EVENTS

## KIPP AUSTIN PUBLIC SCHOOLS

### Values:

Our values of tenacity, community, courage, quality and honor are actualized in all that we do inside and outside the classroom. The KIPP Austin Public Schools culture resonates high expectations, teamwork and responsibility.

### Instructional Focus:

We make instructional choices based on comprehensive analysis of student performance data. Our teachers do whatever it takes to help each individual student develop the academic skills, character traits, and intellectual habits necessary to thrive in, and graduate from, four-year colleges and universities, giving them the freedom to shape their futures and positively affect their communities.

### Growth:

Over the next six years, we will grow to 10 schools, serving over 5,000 Kindergarten through 12th grade students with a college preparatory education. With the opening of our first elementary school in 2010, we are seeking educators in all subject areas and grade levels to help us continue to serve our students with excellence.
